Scouts Have Interesting Days Ahead

Weekend At Camp Huntington And Caravan Trip To Follow Court Of Honor

Second Boy Scout Court of Honor in the 1939-40 schedule will be held Monday evening, December 4, at 7:30 p. m., at the Congregational Church, according to Thomas A. Reynolds, director of advancement and court of honor for the Sierra Madre district. A good turn out of parents and friends is desired, to encourage the scouts who will receive merit badges and scout awards.

This evening about 20 boys from Troops 1 and 2 with Scoutmasters Craig McLaughlin and Joe Hinojos will leave for Camp Huntington at the foot of the Mt. Lowe incline, the Pasadena-San Gabriel valley camp. Approximately 200 Scouts will spend the week-end there, living in log cabins and do their own cooking, as well as enjoying outdoor life.

Later in the month, December 27, 28 and 29, scouts from both troops will participate in the caravan to Andreas Canyon, an Indian reservation near Palm Canyon. The boys will go with their scoutmasters by truck and will join with 400 Scouts from the San Gabriel valley in this big annual event.

No Need For SRA Free Lunches At Sierra Madre Schools

Sierra Madre grammar school will not join in the State Relief Administration's program for supplying hot lunches free of charge this year to under-nourished children, because there are only three or four children requiring free lunches at the school, and according to Gerald Smith, superintendent, these students work in the cafeteria for their meals or the Parent-Teachers Association sees they are provided for. A check was made at the school to ascertain how many children required free lunches.

"The S. R. A. program," said Fred Olmstead, state supervisor for the bureau of commodity distribution, "is an expansion of the free lunch arrangements already being operated by school systems in California, designed to expand the plan to include every child who does not get a balanced diet otherwise."

Perfume Making In The Southland Is Sunday Vine Topic

Monroe Kidder of the Kidder project for growing medicinal trees and plants for the extraction of essential medical and perfume oils now being imported, will be the guest speaker at the Wistaria Vine supper program Sunday evening. Of additional interest will be the appearance of Judge W. E. Camp, whose talks have come to be largely looked forward to by those attending the Sunday evening suppers.

Woman's Society Of Bethany To Elect Officers Tuesday

Annual election of officers will be held at the December 5 all-day meeting of the Missionary Society at Bethany church when Mrs. Charles H. Ainley, wife of the field secretary of the Latin American Prayer Fellowship, will speak at the morning session, 11 o'clock.

Following luncheon which will be served in the Sunday school building, with Mrs. Johnson, Mrs. Tavender and Mrs. Edna Croan as hostesses, Captain Norman W. Taylor, Canadian world war ace who has spent 16 years among the soldiers in Mexico will talk at 1:30. The public is cordially invited to attend both sessions.

Jail Sentences For Gasoline Thieves

Chester A. Williams and James E. Cook, both of Monrovia, received county jail sentences at [illegible] court Monday morning for [illegible] of 19 gallons of gasoline from a tank in the orchard of the Lannan estate, Friday, November 24. Williams was sentenced to 90 days and Cook received a 30 day sentence by Police Judge Tom Neale. Roy Duran, caretaker of the Lannan estate, reported the theft and the men were picked up in Monrovia.

Committee Named To Nominate Church Officers

Thomas Schwartz, Mrs. F. H. Hartman and Mrs. George B. Morgridge were elected as a nominating committee for 1940 at a business meeting of the Congregational church following services Sunday morning.

Boulevard Lights Will Identify Wistaria Town

For a year at least there will be something distinctive on Sierra Madre's illuminated signs at Baldwin avenue, Michillinda blvd., and Foothill blvd. The words, "Home of the Giant Wistaria Vine," will blaze out in color contrasting with the purple and green signs bearing the city's name, erected some years ago.

An application to this effect from the Chamber of Commerce was approved by the city council Tuesday, it being stipulated there will be no additional cost to the city.

"Just the words 'Sierra Madre' mean nothing to the average traveler who is unfamiliar with the city and its attractions," Councilman Tom Schwartz said, "but nearly everyone knows about our great vine and to identify the city with it is bound to attract a lot of motorists and tourists off the beaten track."

A request by Mrs. Ada Thomas of 25 West Grand View avenue for permission to remove pepper trees from the parking before her property which are uprooting the sidewalks and are generally objectionable was granted by the council.

Seasonal Weather Arrives With Fair Skies

"Seasonal" temperatures, with no rain or snow during the week was enjoyed by Sierra Madreans who dug out blankets and comforters to keep warm during the chilly nights when the mercury went down to 48 Tuesday evening. Temperatures were a little above normal over the weekend, according to Col. H. B. Hersey, who is back on the job of keeping weather readings after an extended absence due to illness. Monday brought cooler weather, with a maximum of 62 degrees.

A storm caused scattered showers, snow and some lightning throughout Southern California raged in the mountains above, but missed Sierra Madre, and passed on eastward. Four inches of snow fell at Buckhorn flats, seven miles east or the newly opened Chilao flats recreation grounds. Temperature readings for the week are:

Postmaster Tells How To Be Sure Of Gift Delivery

"Mail early to assure delivery on or before Friday, December 22." This warning was made to Sierra Madreans by Postmaster R .O. Caukin in an effort to avoid last minute congestion of packages and mail and to assure delivery of their packages before Christmas. The local postoffice will be closed on Sunday, December 24, and also on Monday, December 25, Christmas day.

Shop now, wrap carefully, address plainly, and mail early. Only special deliveries will be made on Christmas day. Parcels may be marked: "Do Not Open Until Christmas," Mr. Caukin advised. For best service Sierra Madreans are advised to send greetings as first-class mail, and to register or insure gifts. For extra fast service, air mail and special delivery may be combined.

Lee Shippey's "Great American Family" Goes To Boston

"The Great American Family," hit play adapted from Lee Shippey's novel of the same name which enjoyed a record run at the Pasadena Playhouse in the spring, followed by a run in San Francisco and Santa Barbara, is going into rehearsal in Boston, where it will open at the Copley theater in late December or early January. Samuel French has been given a managerial as well as a publishing contract.

Latest novel by Mr. Shippey, "If We Only Had Money," has been running in serial form in the Milwaukee Journal and a Chicago paper.

Councilman Carter Household Has A Baby Daughter

Councilman and Mrs. Paul Carter are receiving congratulations on the arrival of a baby girl Sunday morning. Named Margaret Annetta, the new arrival is a great grandaughter of N. C. Carter, Sierra Madre's founder, her middle name honoring the memory of her great grandmother, Mrs. Annetta M. Carter.

The baby, weighing seven pounds thirteen ounces, was born at the Griffith Park Maternity Home in Hollywood. Mother and daughter are progressing favorable and expected to return home next Tuesday.

Doll City Up For Holidays Next Week

Whole Community Seems Anxious To Help Bring Out Yuletide Spirit

Sierra Madre will don its holiday attire next Saturday, December 9. Brilliantly lighted and gaily decorated trees will stand before every business house in the downtown district. A garland of varicolored lights is to be strung around the triangle about the P.E. station. Merchants will have their holiday displays in their brilliantly lighted windows. The Chamber of Commerce has asked every shop and store owner to do his or her utmost to help create the Caristmas spirit. Householders are being asked to do their bit towards making it a merry holiday season by lighting up their lawns and gardens trees and shrubbery not later than December 20.

"Indicated cooperation convinces me we are going to have the gayest holiday season Sierra Madre has enjoyed for several years," said President W. L. Burr of the Chamber of Commerce yesterday. "Without exception the merchants have shown real enthusiasm on the subject and we are greatly encouraged. There is a determined effort to go after a lot of holiday business that unfortunately has been going out of the city and I think that with the spirit of cooperation we are assured of, much Christmas money will be spent here this year."

Eight-foot Christmas trees in bright breen tubs will stand as sentinals in front of stores and markets. The Chamber of Commerce has secured tubs and trees strings of lights will be provided by the marchants, the only cost to the businessmen.

Site Offered For City's Youth Plan

A forward step in organization of the youth movement here was indicated to the city council Tuesday by Norman Jensen, representative of the American Legion on the youth movement committee.

An unnamed Sierra Madrean interested in the community's welfare and that of the city's youth is willing to donate a building site and building suitable for many activities if the cost of maintenance and supervision can be kept within an amount the city council feels able to appropriate for the purpose. Jensen told the council he was not at liberty to name the person who had made the offer nor to indicate the site or the building that may be offered. He asked that the council designate a committee of its members to make a study of the probable cost of maintenance, but was informed that any such action by the council would be in conflict with the duty assigned to the youth movement committee. It was suggesed that the matter must first be passed upon by the youth movement committee and that its findings and recommendations would be given serious consideration by the council.

Mr. Jensen said the matter would be presented to the youth committee at a meeting Monday evening. He was certain, he said, that the tentative offer that had come to members of the youth committee was in good faith and would be an excellent starting point for the project the council has in mind.

Guild's Christmas Tea To Have New Features This Year

A new departure this year at the Christmas tea and sale of the Woman's Guild of the Church of the Ascension, to be held the afternoon of December 8 at the Parish House, will be a table of the better magazines and volumes of fiction and non-fiction to be in charge of Miss Ida E. Kirk. Mrs. Harry Holland will have charge of the white elephant table while Mrs. Theodore Dunham, Jr., will be in charge of the needlework and Miss E. R. Green of cooked foods.

Mrs. Elmer Pulling and committee will arrange tea. There is no admission charge, but an attractive door prize is assured. Everyone is invited to attend from 2:30. Tea will be served at 3.

Veterans Will Get Preference As Census Takers

A district supervisors office for the 1940 census in Pasadena district will be established this month, it was announced this week. Los Angeles headquarters will be at 1206 South Santee street. About 600 numerators will be employed in the county, with war veterans and their widows given prefference. Applications will be taken starting Monday.

Tennis Courts Will Be Reconditioned Very Shortly

A step towards reconditioning of the tennis courts at city *park* was taken by the city council Tuesday when the purchasing agent was instructed to secure estimates from reputable firms with specifications for the job that were used on Glendale's Nebly Park Courts. The courts were laid before the present surface on Sierra Madre's courts and a committee of the council that inspected found them the be in perfect condition. If the estimate are at all reasonable the probability is the work will be authorized at once.

Bulldog Band Plays Here December 15

Chamber Of Commerce Arranges Gala Program For Its Annual Meeting

Sixty-five red and white uniformed members of the famed Pasadena Junior College Bulldog band, directed by Audre L. Strong, will take over the Sierra Madre grammar school auditorium Friday evening, December 15, and present an hour of popular music, college and football songs. Arrangements for securing the band were made by William L. Burr, president of the Sierra Madre Chamber of Commerce, which is sponsoring the program.

Inadequate facilities at the grammar school prevents appearance of the entire band of 150 pieces, but the 65 members have prepared a program that will delight Sierra Madreans. Novelty numbers, specialty acts, including xylphone players, a trio composed of a base violin and two accordions, and a skit entitled "Time Marches On" are a part of the entertainment.

The concert, which will begin at 7:30 o'clock, will precede the annual election of Chamber of Commerce officers to serve for the coming year following a report by the nominating committee consisting of Dr. W. H. Scoins, Frank Spencer and T. W. Neale.

Then, on the stage will be the radio which Sierra Madre was awarded for its prize winning entry in the 1939 Tournament of Roses parade, and a Shelby Fire bicycle, both of which will be given to Sierra Madreans that evening. The bicycle has balloon tires, a headlight and rack and may be seen at the Southern California Edison Company office, where the radio is also on exhibit.

Sierra Madre students at PJC who are members of the famous Bulldog band are Stanton Irvine and Clay Reavis.

Plans For An Early Wistaria Fete Will Be Made

"When winter comes Spring can't be far away," and with gardens all over Sierra Madre turning out all manner of most unusual blooming things, arrangements for an early 1940 Wistaria Fete will be discussed at a dinner meeting at Wistaria Vine Gardens Tuesday evening.

Members of the city council and heads of various civic organizations will discuss plans to make the forthcoming fiesta most glorious in the long line of these annual community events.

Observations

By Lee Shippey

NEXT Sunday an exhibit of the paintings of Alfred J. Dewey will be launched at the Old Adobe. This artist has lived so quietly among us for 15 years that many of us do not know he was one of the foremost illustrations in America before coming here. When Ainslee's magazine suspended, during depression, a New York newspaper said: "Among the famous illustrators who got their start on this magazine were James Montgomery Flag, Alfred Dewey and others." At one time Harper's magazine published a full page painting by Dewey every month. He was also director of the Pennsylvania State School of Industrial Art. Yet when he came to Sierra Madre he withdrew from the art circles he had figured in in New York and did not try to get into art groups here. In all these years he has never had an exhibit of his own work.

But he has done his bit for Sierra Madre, Arcadia and other nearby towns. He has designed Rose Parade floats which have won us honors.

He has nothing to do with this exhibit. The Arts Guild decided there should be an exhibit and Alfred hasn't been allowed to do anything about it. It's just an effort on the part of a lot of us to make him realize that we look on him as a great artist and a good citizen.

Enroll Over 700 In Red Cross Here

Canvassers Find Ready Response By Citizens—Lists Open For A Week

Sierra Madre's response to the annual Red Cross Ross Call which began Armistice Day and ended last night was the most satisfactory in several years, officials of the local chapter announced. Several volunteer canvassing crews had not made complete reports but more than 700 names were known to have been enrolled, C. W. Jones, chapter chairman announced.

This year's local campaign was carried through more quickly than in any recent year. Canvassers reported that there was a more spontaneous response than ordinarily and that second calls at homes were less necessary than heretofore.

During the last few years the membership campaign here has dragged on through several weeks before the city's quota was obtained to a ultimate point. This year the drive did not really begin until November 13—two days after Armistice Day, and the quota is known to have been considerably exceeded.

"Of course the canvassers were not able to reach nearly everyone in the districts assigned to them, though they did a remarkably fine bit of patriotic service," said former Mayor Jones, "and I am sure our wonderful little city will maintain its place well among leaders of American communities in the matter of membership. We should all be proud [illegible] the active campaign was closed last night, our final report to the headquarters will not be made for another week or so and names added until that time will be gratefully added to the roll of honor that goes to Washington."

APPEAL ISSUED FOR BLANKETS AND BEDDING

Bedding of all kinds, blankets and mattresses are especially needed at the local Red Cross office with the coming of cold weather. A call has been sent out to Sierra Madreans who have extra bedding to sent it to the office. It will be greatly appreciated and will be given to needy families who lack adequate covering for their children during the winter months.

Look For Cut In Electric Charges

Returning from a hearing before the State Railroad Commission in Los Angeles on the application of the Sierra Madre and other Los Angeles County cities for a reduction in the rate for electric energy, Councilmen Tom Schwartz and John Froehlich reported to the city council Tuesday evening they believed the chances were better than even that an order for the reduced rate will eventually be entered.

Holding up the Edison Company's application for a franchise here, Sierra Madre filed a claim for a reduction in electric rates to bring it on a par with the rate enjoyed in neighboring communities of Arcadia and Monrovia. The Edison Company holds that the population and consequent consumption of electric energy does not now justify the rate recently gvien the other two cities. As Sierra Madre's represenatives at the Railroad Commission hearing Schwartz and Froehlich advised the Commission that the limited area of Sierra Madre reduced service costs here, the population as to area being vastly greater than in Arcadia.

In an informal report to their colleagues the two councilmen expressed the belief that the commission was impressed with Sierra Madre's claim. Upon suggestion by the commission a map showing Sierra Madre, Arcadia, Monrovia and the eastern area of Pasadena has been forwarded to it. In colors it shows the area, population, number of water and electric connections in each municipality.

Monterey Park has an application before the Commission in which it claims that city is entitled to the same rate as the much larger neighboring city of Alhambra; Culver City claims it is entitled to the rate enjoyed by Beverly Hills. In all, the Railroad Commission proposes to hear the plea of 70 communities for a rate reduction in the series of hearings that began Monday. Following the hearings that began Monday. Following the hearing, its engineers will conduct an investigation and it will probably be some months before the commission hands down a decision.

Overhead Lights At Crossings Ordered By City Council

Lights suspended over three dangerous crossings in the downtown district were ordered installed by the city council Tuesday at the suggestion of Councilman Tom Schwartz. They will be hung over the crosswalks at Kersting Court and Baldwin avenue, Baldwin avenue at Sierra Madre blvd., and Kersting Court and Sierra Madre blvd.

On account of the grade, it was pointed out, headlights on automobiles shoot above the heads of pedestrians crossing at these points so that drivers are unable to see them. A number of accidents have occurred at each of the spots indicated and one man was killed at one of them. The Edison Company was requested to make the installations at once. Lights on the lower end of Michillinda blvd. now maintained by Sierra Madre, will be turned over to Arcadia for maintenance, so that the new systems in the shopping district will be no additional expense to the city.

Woman Found Starving In Camp Cabin

In Critical Condition From Exposure And Unable To Tell Experience

Discovered Sunday in a serious condition from starvation and exposure in a vacant cabin at Roberts Camp in Big Santa Anita Canyon, Mrs. Mary Elizabeth Horne, 65, of 224 South Flower street, Los Angeles, was carried from the cabin by 11 C.C.C. boys from Angeles Crest Camp over a mile and a half trail to Charlton Flats where an ambulance was waiting to take her to General Hospital.

Mrs. Horne's only food for an undetermined time had been grass and weeds and she had been sleeping on the floor, using a second mattress for a cover. She had no food or water and it was believed she had been at the cabin for at least three weeks. Condition of the woman was discovered by a man who was preparing to tear down some cabins, and reported to Ranger C. E. Harlan. Temple City sub-station deputies headed the rescue party. What the woman was doing in the cabin remained a mystery since she was in too critical a condition to give [illegible]

Order Alley Kept Open For Safety

As a safety measure in the event of fire, city council has ordered the police department to devise a means of keeping Grove alley, a thoroughfare extending from Sierra Madre blvd. to West Montecito, just west of Lima street, open to traffic. Cars parked on both sides of the alley, especially at night, make the lane impassable and a dangerous situation will arise if there should be a fire in the court, it was said. Possibility that a red stripe through the 18 foot alley might solve the situation was suggested. If this is not feasible parking at least, overnight parking, will probably be prohibited.

Building Permits Call For Two More New Homes Here

Two new homes are being built in Sierra Madre with permits issued this week by Building Inspector William Lees to Herman M. Selk, 119 East Highland avenue, and Mr. and Mrs. Nelson, of 365 North Auburn avenue:

The Selks are building a 5-room stucco home, with two car garage at 487 East Sierra Madre boulevard, and Mr. and Mrs. Nelson will build a 5-room home at the North Auburn address, after tearing down their old house. Dr. J. L. Woehler is enlarging his 718 West Manzanita avenue home, adding bedrooms and bathrooms to the second floor.

Holds Tolerance Is America's Great Need During War

Importance of tolerance in a war torn world was stressed by Rev. Gerald Harvey, pastor of a Monrovia Methodist church, at Tuesday's Kiwanis meeting. America must actually feel her ability to keep out of war and exercise that faculty among all fellow beings, Mr. Harvey said.

Pilgrims who came to this country on the Mayflower exercised among themselves certain degrees of tolerance, but inside of 15 years they showed their intolerance by driving Roger Williams to Rhode Island. Mr. Smith emphasized the high degree of tolerance attained by St. Francis of Assisi.

New Kiwanis officers will be installed at an evening meeting Tuesday, December 12, at the Sierra Madre Woman's club house.

Play To Boost City's Youth Movement

Woman's Club Sponsors Performance Of Juniors To Meet Pressing Need

Promising the gayest evening entertainment of the year with the presentation of the three-act play, "Professor How Could You!" at the Woman's clubhouse at 8 p.m. next Friday, young members of the Youth Co-operative group, sponsored by the Sierra Madre Woman's Club, are evidencing through their splendid cooperation and enthusiasm, the definite value of a youth movement in the civic life of a community.

The play, by Ann Coulter Martens and under the direction of Miss Hazel James Ferguson, is described as a hilarious comedy. Proceeds will be expended locally in cooperation with the city's youth movement.

The cast of players includes Grace Jensen and Eddie Ranahan in the lead parts, supported by Elizabeth Doty, Sheliah, Jane and Sylvia Colbert, Don Miller, Jack Shearer, John Colbert, and Eddie McCloskey. Erwin Ingram is the stage manager.

This is an opportunity for Sierra Madreans who wish to give some substantial support to the youth movement to show their active interest in the city's young people.

Attend Funerals Of Grandfather And Father

Mrs. Al W. Miller is back at her 119 West Grand View avenue home after attending the funerals of her father, James M. Neal, and her grandfather, H. C. Sharp, both of which were held in Riverside on Tuesday. Six brothers acted as pallbearers for Mr. Neal: M. M. Neal, of Salt Lake City; J. G. Neal, Palm Springs; V. S. Neal, L. H. Neal, E. J. Neal of Los Angeles, and Keith Neal of Riverside.

Other survivors, in addition to Mrs. Miller, are Mrs. James Neal, widow, and a daughter, Mrs. Cecil Jones, of San Luis Obispo.

Mrs. James M. Neal and Keith Neal of Riverside returned to Sierra Madre with Mrs. Miller to spend the remainder of the week.

Dentists Re-elect Dr. Woehler To Important Post

At a large Southland meeting held at Whittier, Tuesday, November 14, Dr. J. L. Woehler was re-elected nominator to represent this dental district, which includes Pasadena, Alhambra, Whittier and other foothill cities. Approximately 200 dental men were a the meeting at the Hacienda Country Club. Among well known figures in the dental world at the meeting were Dr. John Jacob Posner, internationally known oral surgeon, famed for his reconstruction work on soldiers in the war in Spain, and Dr. M. M. House, Ralph Yambert, the "Dale Carnegie of the West," was also present.

Dr. Woehler is editor of the dental publication for this district, having served in this capacity for the last two years.

12-Piece Band For Young People's Dance Tonight

As special entertainment for Sierra Madre's young people a twelve piece dance band will furnish music for the semi-monthly young people's dance at the Woman's club house this evening. The band has been secured through the courtesy of Mrs. Thomas Miller, hostess for this evening, and in asmuchas it is a W. P. A. sponsored group there will be no admission charged this time. Mrs. Miller will be assisted by a group of club women and mothers and there will be the usual games and refreshments.

County Wants Huge Sum For Its Flood Control Program

Sierra Madre Villa channel in Eaton Wash and Sawpit, Santa Anita, Sierra Madre and Arcadia wash systems in the Rio Hondo basin are projects included in a request to be made by county supervisors that the government's proposed $107,860,234 expenditure for county flood control during the next five years be increased to $199,854,304 and extended over a seven-year period.

Chief County Flood Control Engineer H. E. Hedger explained the plan of the U.S. Army engineering corps to supplement the $70,000,000 flood control works completed by the government in this county, at a supervisors' meeting last week. The county would continue to cooperate as in the past, both in financing supplemental phases essential to the program and in engineering and supervision. On completion the projects become the county's responsibility to maintain and operate.

In a Social Way

CLUB HONORS MRS. TREVA TARR AT BABY SHOWER

POSTPONE MEETING OF ARTS GUILD

Announcement was made early this week by the Sierra Madre Arts Guild of the postponement of its regular monthly meeting to December 8. Postponement was necessitated because of preparations in the Old Adobe studio for the exhibit of paintings by Alfred J. Dewey which opens Sunday. Aside from the exhibit there will be an interesting program of entertainment.

Sierra Madreans See Famed Art Exhibit

Dr. and Mrs. L. L. Krebbs and Mr. and Mrs. F. D. R. Moote of Sierra Madre attended a reception honoring one of California's foremost landscape artists, Jack Wilkinson Smith and Mrs. Smith, Monday evening, November 27, by Mr. and Mrs. Pierre Vrahnos in the distinctive and charming setting of Pierre's smart San Marino cafe, where Mr. Smith's paintings make up a current one man exhibit this month.

Some 150 guests, including many noted patrons of art and those socially prominent in the Southland, were received by the host and hostess and honor guest. Assisting in the receiving line were Mr. and Mrs. Alex L. Cowie of Los Angeles, Mr. Cowie being manager of the Biltmore Galleries. The provincial charm and old world atmosphere of this dining spot made an effective background for the landscapes for which Jack Wilkinson Smith is so well known.

Cheerfulness and content are great beautifiers and are famous preservers of youthful looks.—Charles Dickens.

LOSE EITHER WAY

By adopting widely the latest method of "experting" all races in advance for their readers, California sports writers who cover track doings have perhaps unwittingly, been proving most definitely that gambling does not pay. The plan, employed by dozens of seasoned race experts, is to start with a hypothetical "bankroll" of $200 or more, and then "bet"' this at track odds day after day on selected horses and publish the results. Invariably, regardless of the luck or horse judging talents of the reporter, his "bankroll" melts away. So do the bankrolls of the readers who follow his advice. Yet, since a man paid to keep abreast of racing events so that he may write informatively about them is certainly better qualified to predict results than the average gambling addict, the latter has the alternative of following the expert's advice and losing his money slowly—or of following his own hunches and losing more rapidly. Either way, he loses. And the scribes, who make it clear that they are only playing at betting, are doing their followers a service in hammering home the truth expressed by Damon Runyan, one of the best sports writers of all time, in his widely quoted poem, "All Hoss Players Must Die Broke."

Taxes Jump Faster Than Population

Over 7,000,000 Persons Now In State And Nearly 3,000,000 In L. A. County

Los Angeles county's population at January 1, 1940, will be 2,805,000, according to preliminary estimates of the population of California counties for 1940, recently made public by California Taxpayers' association. The association's estimate shows an increase of 596,508 persons over the 2,208,492 people in the county at the time of the 1930 census, or an increase of 27 per cent.

Population of California is estimated at 7,100,000, an increase of 1,400,000 since the 1930 census, when there were 5,677,251 people in the State, the association stated. This is an increase over the state as a whole, of 25 per cent during the 1930-1940 decade.

"California is a growing state," the association declared, "but the taxes collected by its state and local governments are increasing more rapidly than is its populaton During the present decade, while the population has increased 25 per cent, actual tax collections by the state and local governments have increased 36 per cent in the first nine years of the decade, going from $447,039,551 in 1930 to $609,823,709 in 1939. Since 1933, when state and local taxes collections reached their lowest point, $354,735,488, in the current decade, tax collections in California have increased 72 per cent. In other words, the population of the state in ten years increased 25 per cent, and during the first nine of those ten years tax collections increased 36 per cent. However, in the six years since 1933 tax collections have increased 72 per cent."

County, school, and special district tax levies on property in Los Angeles county for the current year total $89,917,634, according to the association. Of this amount, $40,172,516 is for county current purposes, $3,415,299 for county bonds, $34,638,416 for school current purposes, $9,400,920 for school bonds, and $2,290,483 for special districts, the association stated. City tax levies and those of irrigation, reclamation, water ,and other districts not reporting to the county government were not included in the study, the association stated.

The total 1940 tax levy for these governments in the county is above that for 1939, when the total was $85,839,283, the association found. It is a major increase from the 1934 levy of $59,915,366 and is above the $74,438,455 levy for 1933—the year immediately preceding the change in the California tax system under which county school support was transferred to the state general fund and sales and other taxes were levied to increase the support of the state treasury.

Most of the increase in these taxes levied has been for the schools, the association stated, pointing out that the levies for school current purposes in the county increased from $17,937,647 for 1934 (the first wear after the change in the tax system) to $34,638,416 for 1940. In addition, the tax levy for county current purposes has increased.

MOTHERS AGAINST WAR SEEK MORE MEMBERS

A round table discussion on ways and means to increase membership of the National Legion, Mothers of America, group here was held Tuesday afternoon at 1:30 o'clock at Sierra Madre headquarters, 18 West Sierra Madre boulevard. About 20 women have joined the local group which is led by Mrs. Myrtle Brown and Mrs. Frederick G. Scalzo. There are no dues for general membership, and no political or partisan affiliations. Information may be secured at the local headquarters where memberships will also be taken.

COURT FINDS MILES HUNTOON NOT GUILTY

Miles S. Huntoon, 169 East Laurel avenue, appeared before Judge Frank Smith of the Supreme Court in Los Angeles, Monday, November 20, and was found not guilty of the charges preferred agains him here and the case was closed.

It's news when members of large industry urge extension of a Federal public works program, but that event happened last week. The Rockefeller-sponsored American Youth Commission, of which Owen D. Young, chairman of General Electric Corporation, is head, specifically recommended that the government launch a program of public work for young persons 16 and over who do not care to continue in school and cannot find employment in private industry. This report is indicative of the growing concern for the great army of unemployed youth whose ranks, if anything, are increasing rather than decreasing. Such concern is well-merited in view of the Commissions' conservative estimate that of the nation's nearly 11 million unemployed, one-third of them are youths between 15 and 24 years. A program designed to offer young people a chance to try different kinds of work, and acquire the skills demanded by private industry, would do more than promote national security.

Iced tea is practically unknown in England, the greatest tea drinking country!

In this closely knit modern world the costs of war are borne by all. The boom of cannon along the Rhine echoes its warning in the parliaments and congresses of nations at peace, and the crumpling hulls of ships, shattered by mines in foreign waters, author demands to further strengthen America's armed might. To assure pre-eminence to the nation's second-to-none Navy, proposals were made last week to ask a congressional appropriation of $2,200,000,000 for naval construction, calling for the addition of 95 naval ships to the 96 now being built. When nations abroad go armed to the teeth, no nation in the New World can afford to go unprotected. And until that day when war is removed from the world, nations at war and at peace must bear the staggering burden of armaments.

In 1930, there were 7,000,000 washing machines in this country. Today, there are 13,481,180.

One of those indefatigable inquiring agencies has now rounded up enough evidence on America's drinking habits to show there's more fact than fancy in the general belief that we are a nation of inveterate coffee consumers. In 92 per cent of all homes in the country, this survey discloses, coffee is served daily. Two servings a day is the average, and tea far behind with only half a serving daily. Whether the rigorous winters of the North Central States account for it, we don't know, but that section of the country is the heaviest consumer of the coffee bean. New England, being partial to tea, is far the lowest.

In Colonial times, a carved wooden pineapple was placed over the front door as a sign of hospitality.

National income, shaking off its lethargy, is beginning to climb upward. Roger Babson, analyst of the business world, predicts that America's shoppers will buy more this year than in any holiday season in the history of the country! and Mr. Babson declares his prophecy is based not on rosy hopes but hard facts. Another bit of Yuletide cheer: The nation's Christmas Clubs will soon be distributing 350 million dollars to some seven million depositors, with California members claiming a plump $18,900,000 share of that sum. That figure testifies to a seven per cent increase over 1938 in the size of the Christmas Clubs basket."

Fine hosiery, knit goods and fabrics are now being manufactured from textile filaments derived basically from coal, water and air!

The curtains today are all but drawn on the likelihood of the 1940 Olympic Games being held in Finland, or anywhere else. War has placed them in default, and the good fellowship Olympiads are supposed to foster will have to call for a time-out while nations stage their duel at arms. And it means the world-famed prowess of America's athletes will have to wait four more years before harvesting another big crown of laurels in the international arena.

One-half to two-thirds of the retail price of cigarettes represents taxes! The average factory cost per pack of popular brands is 5-1/40c.

Taxes now paid annually by motorists in the United States exceed the total taxes paid each year by everybody in the entire country in the horse-and-buggy days. This year automotive taxes will total about $1,600,000,000, or one-quarter of a billion dollars more than the annual total tax collections in the United States four decades ago.

Christmas 1939 should have a spirit of thanksgiving in it as well, for the period of gay holly and mistletoe looms more brightly this year than in recent seasons past.

Believe it or not, there are new baseball leagues south of the border— down Mexico way— and scouts for the two major leagues of the U.S. predict they will shortly be drafting Mexican players. Augee Castro, a first baseman, is the Babe Ruth of Mexico. He hit 39 home runs during the last season.

Nearly $1,00,000 a day is paid by the railroads in taxes for maintenance of government in this country. Out of each dollar of railroad net earnings, 40.41 cents was taken by taxes last year, the highest ratio for any year since 1920.

Many materials have been utilized in highway building throughout the world, but the latest, of all things, is molasses. According to the Commerce department chemists in far-away India have succeeded in converting molasses into an insoluble resinous product suitable for use as a road surfacing material.

Church To Hold Its Annual Flower Show Today

An attractive apron booth, table of plants, and flowers and another of food have been arranged in the social hall of the Congregational Church for the annual flower show and dinner to be held today. A turkey dinner will be served at 6:30 o'clock.

A competitive arrangement of flowers has been planned in charge of Mrs. R. C. Copenhaver. Miss Ruth Miles and Miss Elizabeth Doty will sell plants. Other committee heads are Mrs. Nestor Young, food; Mrs. Eva Moore, aprons; Mrs. A. F. Guignet, dinner; Mrs. Waverly Pratt, entertainment; Mrs. Maybelle Caley Barker, tickets.

TRACY TO LEAD POLO TEAM AT RIVIERA

Spencer Tracy, who has been playing stellar polo the last three weeks, again will lead Riviera malletmen against Uplifters in the second match of the Cy Bartlett tournament Sunday afternoon at Riviera Country Club. Stanford Varsity polo team will tangle with a Bel Air four in the first tilt at 2 o'clock. In his nine years experience on the polo field Tracy, the film star, has never turned in a better showing than recently.

LOCAL BOWLERS TRIM PASADENA TEAM

A bowling team from the Sierra Madre Billiard Hall which entered the mixed league in Monrovia, won its first match Monday evening against the Watson Dairy of Pasadena, 4-0. The Sierra Madreans ended with averages: J. Warden, 138; C. Cullum, 144; C. Scalzo, 142; C. Burt, 162; L. Perry, 163, for the first three games; team average, 749.

New Organ To Be Dedicated On Sunday

The new Austin pipe organ in the Congregational church will be dedicated Sunday at two services. At 11 o'clock there will be a formal service of dedication and at 7:30 p.m. an organ recital with choral and instrumental accompaniment. James H. Shearer of Pasadena, formerly with the Pasadena Presbyterian Church, will be at the console at both services.

At the morning service the local choir will sing and Rev. A. O. Pritchard will preach. In the evening Mrs. Elizabeth Morgridge Mills of Pasadena will give violin selections with organ accompaniment and a Pasadena chorus will sing.

Among the organ selections will be numbers by John Sebastian Bach, Mozart, Horatio Parker, Strauss, and an original selection, by Mr. Shearer, "Highland Romance." The choir will sing: "As Lately We Watched," an Austrian air; "Shepherd's Christmas Song," Dickinson; "Deck the Halls," from the Welsh;" "When Christ Was Born," an English carol.

The organ was a gift to the church under the will of the late Alice Spencer Prtichard, in memory of her first husband, Fred Hooker Jones, who several years before his passing, decided to make this gift to the church. It was selected by a commitee consisting of Charls W. Jones, chairman; Mrs. Anna S. Bacon, Mrs. George B. Morgridge, Miss Muriel Tarr and F. W. Miles.

Miss Catherine McBurney will be the permanent organist.

MEXICAN CHRISTMAS PLAY AT PADUA HILLS

Bringing to Southern California the quaint Christmas ceremonies of Old Mexico, "Las Posadas," colorful holiday production of the Mexican Players, opened a five weeks' engagement on Wednesday, at the Padua Hills Theatre.

The drama tells the thrilling events of a Christmas Eve in the home of an humble but devout family in Mexico, and how the faith of a little child saved her father from disgrace.

FIRE FLAMES

By One of the Boys

As the firemen gathered around the fire station Friday evening Chief Richards instructed them to canvas their territories for ticket selling. Stealing a march on the rest of the boys, Al Bray stepped out in his nice new uniform last week and sold many tickets. Andy Liscomb would have been Al's sidekick in this venture. Since Andy will not be able to accompany him, Bray will endeavor to do double time. It will require several evenings of each man's time to cover the entire city.

All funds raised from the sale of the tickets will be used for the distribution of baskets of food and the tree and Christmas eve treat at the park.

We discovered at the meeting Friday that the Chief has coined names for some groups of individuals in the department. Some of these include "The O. F.'s" and the "Giggling Gerties." The "G. G." applies to those who giggle every time some one gets something on somebody else. Roy Davis is champion of this group.

When he appeared at the meeting with his nose plastered with tape, Bob Newbery beat the boys to the punch when he immediately announced that he did not run into a door. He tried to explain that he had come in contract with one of his boys in a football game, but there are still some of his comrades who think that he should have dodged instead of ducked.

Mrs. J. S' Billheimer is expecting her son and daughter-in-law, Dr. and Mrs. Phillip Murdoch, to return this week from an extended vacation in the east.

Womens' hands and noses are nearly as big as men's and yet they get along with handkerchiefs and towels a fourth the size of men's. We can't explain it.

Kiwanians See New District Leader Take His Office

In the delegation of Sierra Madre Kiwanians who attended the installation of Dr. J. P. Bowers as lieutenant governor of this Kiwanis district at the Huntington Hotel November 18 were: Mr. and Mrs. J. S. Billheimer, Dr. and Mrs. L. M. Evans, Mr. and Mrs. Frank Spencer, Mr. and Mrs. Carl Hansen, Postmaster and Mrs. R. O. Caukin, Dr. and Mrs. R. C. Simpson, Mr. and Mrs. William L. Burr, Mr. and Mrs. W. L. Hibbs, Mr. and Mrs. Charles B. Klunk, Mr. and Mrs. Arthur Morse, Mr. and Mrs. Roy Pickett, Mr. and Mrs. Charles W. Kinnear, and Mr. Kinnear's cousin, Charles Kinnear, and Mr. and Mrs. Gerald Smith.

Gustave Rihard of the Sierra Madre club was accompanist on the program. Feature entertainment was the P. J. C. Bulldog band.

With Sierra Madre Students At Wilson Jr. High

A recognition service was conducted for 16 new members of Wilson Tri-Y at the home of June Solnit, 10-2 Tri-Y president, November 14. Theme of the service was international with each of the incoming members giving a short talk on one country, ending with June Solnit speaking on America. Sierra Madreans recognized were Bernadine Hoelick, Geraldine Smith and Wilma Smith.

O. Wilhelmi of Garwin, Iowa, father of H. W. Wilhelmi, 245 N. Sunnyside avenue, arrived early this month and is now enjoying a visit here with Mr. and Mrs. Wilhelmi. Later he will spend some time in Los Angeles with another son, A. H. Wilhelmi.

Miss Dorothy Wade, young violinist and student of Oskar Seiling, will appear as soloist with the Ontario orchestra at a concert to be given December 8 at Chaffee Auditorium.

Mrs. Sybil Prather and daughter Miss Jessie Prather of San Diego, were week-end house guests of Mrs. Cynthia Holmes, 170 San Gabriel court, who on Sunday also entertained Mrs. C. J. Spinks, of Monrovia.

Mrs. Mae Warren Hicks, mother of Mrs. Waverly Pratt, spent the week-end with Mr. and Mrs. Pratt at their residence, 359 Grove street.

DEMOCRATIC CLUB TO MEET MONDAY

Eleventh Congressional Democratic Club will hold a venison dinner at 6:30 o'clock, Monday evening, December 4, at the Woman's Club in North Hollywood. Prominent speakers in the Democratic party will be on the program which follows the dinner. John L. Fitzgerald announced yesterday.

Your Appendix Out For $12.50--In Sweden

In Sweden, where the people have done such a remarkable job of working out their social and industrial problems, an appendectomy costs only $12.50.

Wilfred Laurier Husband, foremost interpreter of Sweden on the American lecture platform, will show thrilling motion pictures in superb color at the Pasadena Civic Auditorium on Tuesday night, December 5, under the auspices of the Pacific Geographic Society. Mrs. Husband, in native Swedish costume, will give an introductory talk.

What A Girl Sees Ramblin' 'Round

Artistically arranged Christmas window last year of Rikeman's "Little Shop in the Village" . . . won an honorable mention in the national contest sponsored by the Rust Craft people. . . . Sierra Madreans will remember the bronze covered floor bordered with red, with a silver wreath against a red cellophane curtain as a background. . . . Mr. Rikeman will have a blue and silver color combination this year . . and has plans for an even more beautiful window.

Doll buggies are being repainted, scooters, wagns, mechanical toys. . .all brightened up with fresh colors. . .by Sierra Madre volunteer firemen who are working hard at their 85 West Sierra Madre boulevard toyshop . . . getting toys ready for Christmas distribution . . . "Shorty" Steinberger had a load of toys at his service station . . . We saw some of them before and after they were painted . . and a coat of soft green paint fixed shabby toys to look like new. . Firemen give their time at the toyshop and lights burn long while they repair articles that will make many children happy Caristmas morning.

An unusual bird sanctuary in Kingsville, Ontario, was called to our attention by Mrs. E. U. Parlin of North Auburn avenue . . Located in Ontario just 25 miles from Detroit . . . Jack Miner, a pioneer bird bander . . . is doing "real home missionary work." . . On duck and goose aluminum bands about 3-4 of an inch wide . . . he puts S or F, indicating the season of year, a number indicating the year . . and a verse of Scripture. . . . The Bible verse has been invaluable among Eskimos and Indians who shoot the birds that occasionally find their way to Alaska . . take the band to their missionaries to get the interpretation of the verse . . . The missionary in turn takes the verse for his text on Sunday and natives turn out to church to see as they say, "What God said that time." . . . Miner's object in banding birds is to study their exact migration route . . to learn how long they live . . . to learn how far they travel . . . all valuable information from an educational and scientific standpoint. . . . For the past 20 years this work has been going on . . and birds have been discovered in all parts of the country . . . from North Carolina to the Arctic circle.

John H. Robertson is making excellent progress toward recovery from his recent severe illness and expects to be able to resume business activities shortly.

Few Local Exhibits At Arcadia's Big Poultry Show

Rabbits, poultry, pigeons and game birds from the San Gabriel valley are being exhibited at the fourth annual poultry show at the Santa Anita race track which opened Tuesday and will close Sunday. Sierra Madre rabbit and pigeon breeders seem to have lost much of their former interest in the shows because few are exhibiting.

The show, in all departments, with the exception of rabbits and the All-Cornish show, is put on by the San Gabriel Valley Poultry Association, a non-profit organization of poultrymen. Trophies, cups, medals, ribbons and cash will be awarded to winners in the poultry divisions.

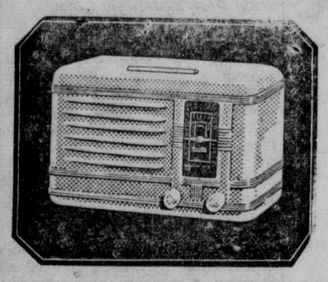

The 20th annual convention show of the American Rabbit and Cavy Breeders Association is being held in conjunction with the Santa Anita show, and brings to Southern California one of the largest and most important rabbit shows ever seen here. Competition in this show is open to the world. A handsome trophy is offered for the best rabbit entered by a novice living in the San Gabriel Valley. Admission is free.

Mrs. Hartley Chubb, of Los Angeles, was a week-end house guest of Mrs. A. D. Cain of 71 E. Alegria avenue.

Grammar School Notes

On November 22 the Sierra Madre school had their assembly given by the 7B and 7A, Mr. McElfresh's class. The first number was "Little Black Sambo." Gloria Foster announced the players. They were Joan Woehler, Mrs. Black Sambo; June Ross, Little Black Sambo; Alice Burnham was a tiger; Wanda Daulton, a tiger; Lela Pickett, Mr. Black Sambo; and Louise Perry, a tiger. "Little Black Sambo" was a shadow play. The whole assembly sang the following songs, "Rancho Grande," and "Down Mexico Way."

A comic skit called "Professor Beiley," was presented by the following players: Walter Beiley, Jack McDonald, Jack Williams, Bob Marshall, Robert Annas and Kenneth Bley.

Joan Woehler told about Eugene Field, author of so many beautiful poems about children, and Joan Thomas and Jean Davis sang the "Flower Song." The songs, "Pilgrim Fathers" and "Harvest Hymn" were sung by the 7B and 7A class and Rosen played the "Blue Danube" as a piano solo. For the closing song we all sang our school song.

Mr. McElfresh's 7B and 7A social studies class has chosen the following topics for the study of Colonial life, our central theme: Glass, china, pottery and brick, Lela Pickett; sports, Jack Williams; communication, Jack McDonald, Robert Annas, Henry Yoshimoto, Ruben Gonzales, Joseph Cox, war (French, Indian and Revolutionary), Wallace Carrol, Robert Marshall and Kenneth Bley; festivals and important occasions, Louise Perry, June Ross, Alice Burnham, Sylvia Shippey, Mary Jean Dawe; punishments, Kathryn Dowding, Wanda Daulton, Jean Davis, Don Anderson, Carlos Candelaria; Colonial expansion and history, Cassius Smith, Neal Blum, Fagala Rosen; transportation, Walter Beiley, Robert Lyon, Arthur Hoshino; religion, Rowena Shipway, Joan Thomas, Virginia Embree, Gloria Foster; government, laws, taxes, treaties, Jimann McDonald and Joan Woehler.—*Kathryn Dowding.*

Camp Fire Girls

Yallani group of Camp Fire girls thoroughly enjoyed an overnight camping trip to Kunike. They worked and played and fulfilled the camp requirements to gain their rank. Those present were Helen Askew, Nancy Bumpus, Jeanette Carlson, Lois Fontaine, Margarita Gonzales, Josephine Mendoza, Alberta Myers, Nadine Noble, Lela Pickett, Dorothy Smith and Donalda Thayer, Mrs. Al Myers and the guardian, Mrs. C. L. Young, accompanied the group. Mrs. Fontaine, Mrs. Pierson and Mrs. Perry helped with transportation to the top of the trail. A good time was had by all—also some poison oak, which it is hoped will be avoided on future trips.

Mrs. C. L. Young, Mrs. L. F. Pierson and Mrs. Elmer Weese completed the guardianship course at Kunike Tuesday.

Nasaki group also made a trip to Kunike. They left Friday morning and returned Saturday afternoon. Miss Virginia Sydnor, 8th grade grammar school teacher, and Mrs. Elmer Weese accompanied the girls. Mrs. B. L. Hinkley and Mrs. Lewis McClelland furnished transportation. Girls who made the trip were Sylvia Shippey, Joan Woehler, Joan Hinkley, Marilyn Albright, Myrel Mae Weese, Adair Roach, and Mary Louise McClelland.

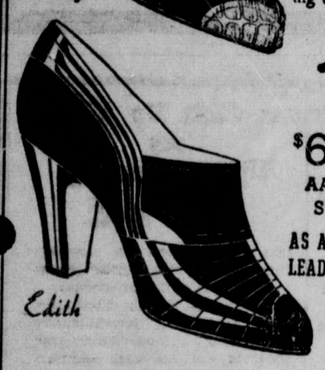

The Nasaki's visited Virginia Liscomb, a member of the group, at St. Luke's Hospital where she is recovering satisfactorily from injuries sustained in an automobile accident.

"OUR GAS FURNACE *is an investment* IN BETTER LIVING!"

"We get more out of life since we installed automatic gas heat. We wonder how we ever got along without it! The furnace keeps the inside temperature uniform, regardless of how suddenly cool weather strikes. Floor drafts are eliminated. As a result, the youngsters have fewer colds and all of us enjoy the grandest winter comfort we've ever known."

FLOOR FURNACE with duplex register does a double job. Venting assures better house heat. No basement is required for this type of gas furnace.

OTHER AIDS TO BETTER LIVING OFFERED YOU BY NATURAL GAS:

THE CLEAN WAY TO COOK! Shiny pan-bottoms, fewer boil-overs, broiling that's smokeless—these joys are yours when you have a Certified Performance gas range.

REFRIGERATION WITHOUT NOISE and *without wear*. Investigate Servel Electrolux, the gas refrigerator. Operates with a tiny inexpensive flame—nothing to clatter or wear out.

QUICK HOT WATER in abundant quantities—with an automatic gas water heater of adequate size. It's the fast, economical way to have modern hot-water service.

Woman's Club Notes

Advocating the theory that if a true understanding existed among the peoples of the world for the arts of each other, there would be a greater friendliness between the nations, less likelihoood of wars—the first of a series of international afternoons sponsored by the Woman's Club was held Wednesday at the home of Mrs. J. Milton Steinberger. at 501 Mariposa avenue.

Inaugurating the affairs which will continue through the winter, Mrs. Steinberger in presenting an authentic Russian program and tea said that "the truth is that if one really knows the arts of a people one cannot feel anything but friendship for them." She introduced Gustave Riherd, pianist, who spoke informally of Russian music and the great Russian musicians, including Tachiakowsky Rachmaninoff, playing a theme in F Major with variations by the former and the latter's well known Prelude in C Sharp Minor.

Dr. Sigfried Koeber of Sierra Madre told of the work of Tolstoy Dostoievsky, Botkin, Karolenko, Turkenieff, Chekov and Gorki.

Speaking on the Russian theatre and and importance in the life of the Russian people Mrs. Fairfax Walkup, of the School of the Theatre of the Pasadena Community playhouse, contrasted the 500 theatres in Russia in 1936, employing fifty thousand actors and in need of more with conditions in the United States, where the legitimate stage is forced continually to battle for existence.

Ivan Karloff presented two of his young pupils, Betty Stewart and Nancy Welch, in a Russian dance for which Miss Hazel James Ferguson played the accompaniment.

After the program a formal Russian tea in the elaborately authentic Russian tradition was served with Mrs. Homer Glidden and Mrs. John Robertson pouring. Special appreciation was extended by the hostess to Mrs. Seba Resnick for her help in creating the typical Russian setting and service.—

Mrs. J. H. Robertson, Mrs. Mary Frances Fleming and Mrs. Mary Schwartz attended the monthly Junior Presidents Aulmnae dinner in Los Angeles Monday evening.

At St. Rita's School

A music recital was given the children and teachers of St. Rita's school by the music pupils. Those participating were Diane Gendron, Peter Gendron, Bety Jean Sivert, Carmen Barela, Florence Osterhout, Francis Yehle, David Duran, Ernestine Sanchez, Thomas Reynolds and Irving Hopper.

The occasion for the recital was to honor Sr. Cecilia, patroness of music. During the program a sketch of the life of St. Cecelia was read by Florence Osterhout.

* * *

The annual Christmas entertainment will be given by St. Rita's pupils on the night of December 14. Be sure to reserve this date for an enjoyable time at St. Rita's auditorium as the pupils promise all who attend an interesting program.

One number on the program is a play showing how Christmas is celebrated in various countries. The younger grade children will present two fascinating numbers played in their rythm band, and last but not least is a morality play, staged by the senior pupils.

Watch THE NEWS for further notices about this entertainment.
